## NEW GOLDEN OAK FINISH

After the success of the prestigious Santos Rosewood finish of the 40<sup>TH</sup> Anniversary Edition, TRIANGLE unveils this year a new Golden Oak finish. A warmer but equally majestic shade for the two iconic models Antal 40<sup>TH</sup> and Comète 40<sup>TH</sup>.

The Antal 40<sup>TH</sup> and Comète 40<sup>TH</sup> are embellished with authentic and slightly honey-colored wood. This natural veneer brings a breath of modernity to the range, with a softer, more colorful note and a more distinctive grain.

The subtle rose gold anodization of the speaker's ornamental rings perfectly matches this new warm and characterful color of the Antal and Comète 40<sup>TH</sup> Anniversary Edition.

Several layers of hand-applied lacquer add a touch of gloss and signature to the speakers while delivering a natural, lively and detailed sound the brand is known for.

# FRENCH CRAFTSMANSHIP

In addition to its aesthetics, the 40<sup>TH</sup> Anniversary Edition advocates French flare with the speakers manufactured in the factory based in the town of Soissons in Picardy for 40 years.

TRIANGLE's traditional craftsmanship is based on our employees' expertise, brought about from many years of experience, some of whom have been with the company for more than 35 years. The different components are controlled and carefully assembled, to achieve the utmost finish and acoustic quality.

Each speaker is subject to strict acoustic controls. The anechoic chamber, located within our factory, is a quality guarantee.

## TWO ICONIC MODELS

Antal and Comète are two emblematic models of the brand, improved over the years through various innovations and research breakthroughs from TRIANGLE.

Horn-loaded tweeters and small pleat midrange drivers made out of cellulose paper are the key markers of this Anniversary range, the soul of these two speakers.

### ANTAL 40<sup>TH</sup>

ANTAL 40<sup>TH</sup> features a new rose gold anodized magnesium dome tweeter, developed exclusively for the two 40<sup>TH</sup> Anniversary models.

It is equipped with two bass drivers inspired by the Australe speaker from the Esprit Ez range, thus ensuring a remarkable delivery of the lower frequencies.

The rich and clear sound of the midrange driver made out of natural cellulose paper TRIANGLE is known for, perfectly complements this acoustic design with surprising performances.

This speaker will fit beautifully in rooms ranging from 30 to 50m<sup>2</sup>.

### COMÈTE 40<sup>TH</sup>

The second iconic model of the brand, the Comète, a more compact speaker, incorporates the basics of the Antal 40<sup>TH</sup> and suspensions adapted for a wider spectrum of sound.

With its dedicated speaker stand, the S04 40<sup>TH</sup> Anniversary, this speaker will be perfect for rooms smaller than 25m<sup>2</sup>.

# THE 40<sup>TH</sup> ANNIVERSARY EDITION

## TECHNOLOGIES

True to its legacy and always in search of innovation, TRIANGLE uses the technical characteristics of the famous Signature and Magellan ranges, while combining new speaker technologies for this 40<sup>TH</sup> Anniversary Edition.

Each element has been carefully selected to perfect this series.

### **The horn-loaded tweeter**

TRIANGLE is known for uses a metal dome in combination with a compression chamber.

### **Midrange In Cellulose Paper Membrane**

The paper membrane offers a precise and lifelike vocal reproduction. Associated with a small pleat and peripheral short travel suspension, the vocal range is perfectly controlled.

### **Bass driver, new generation**

Providing significant performance upgrade, the Antal 40<sup>TH</sup> Anniversary incorporates a new generation of bass drivers for high impact and musicality.

The membrane is a unique composition of two types of wood pulp coupled with flax combined with carbon fiber, limiting distortion despite its long throw. The driver has a generously sized engine, ensuring excellent control and great sharpness.

## AN AWARD-WINNING EDITION

Since its launch in 2021, the 40<sup>TH</sup> Anniversary Edition has been awarded by the national and international press. The range is acclaimed for its excellent acoustic performance, tone accuracy, and elegant design.

- International magazine covers for the range

VuMètre Magazine  
France - June 2021

Magazine Stereophile  
USA - October 2022

Magazine SuperAV  
USA - November 2021

« At first, the Triangle Antal 40s' presentation destabilized me. Then a moment came when I got them. How much of that was due to break-in or the habituation process, I still can't say. What I can say is that after a few days of listening, my mind has completely bought into the illusion they weave. [...] The Triangles reveal so much of a note—its tone, pathway, variations, and aftereffects—as to make one note sound like several. Assuming the rest of your system is up to snuff, the Antal 40s will let you hear an inordinate amount of what's on the record. I found it hard to imagine, as I listened, that I was missing anything. I love it when that happens. »

USA - Stereophile Magazine - October 2022 - Rob SCHRYER

- International awards for Comète 40<sup>TH</sup> and Antal 40<sup>TH</sup>

## FURTHER INFORMATION

PUBLIC PRICE

3 000€ / pair

PUBLIC PRICE

1 500€ / pair

**Availability :** This new Golden Oak finish is now available across the entire Esprit 40<sup>TH</sup> Anniversary range at authorized TRIANGLE resellers.

The Blond Sycamore and Santos Rosewood finishes are also still available.

**Finishes :** Golden Oak and Black Grille
