Floorstanding speaker
Active Series LN05A

NEW EDITION OF THE ACTIVE SERIE **LN05A**

THE FASHION CONNECTED HI-FI

Connected hi-fi is a fast-growing market. More and more accessible, it now reaches a broader segment of customers, wishing to benefit from the modernity of wireless digital music and the audio quality offered by HD streaming.

Very active on this market, TRIANGLE, the French loudspeaker manufacturer, expands its range of active floorstanding speakers LN05A, a premium speaker for music enthusiasts looking for a system that combines sound quality and power.

These amplified speakers - a true connected solution - include an amplifier and numerous digital and analog connections. Designed for large rooms from 20 to 50m², the LN05A speakers are back in a new 2022 special edition with two new trendy finishes and an even more attractive price point.

WHAT'S NEW IN 2022 ?

This pair of compact floorstanding speakers is wireless, powerful, and beautifully designed, and is now available at a new attractive price of 999€. More modern and trendy, the new natural wood shades will be appreciated for their originality and style.

- The Chestnut wood will offer a more rustic but distinguished style, which will blend harmoniously with white as well as colored tones. The Light Oak has a brighter, golden tone, appreciated for its discreet, clean, and subtle tone that blends in with all interior styles.
- These connected speakers offer a real gateway into the world of high fidelity. Keen to share our passion with as many people as possible, TRIANGLE lowers the price of the LN05A to 999€ a pair for these two new wood finishes, instead of 1249€.

PLAY ANYTHING, SIMPLY

POWER & VERSATILITY

The LN05A are equipped with a class-D amplifier of 2 x 80 watts, with numerous analog and digital inputs: Bluetooth, RCA/Phono, Mini-Jack 3.5mm, Optical-S/PDIF & Coaxial.

SMALL SIZE

The active speakers offer an all-in-one solution, ideal for both music and A/V. Compact in size (H90cm x W16.5 cm), they provide an amazing power from a very small enclosure thus enabling to deliver sound in rooms of up to 50m2.

WIRELESS STREAMING

The focus is on ease of use with Bluetooth aptX connection to provide outstanding audio quality.

THE LOVE OF VINYL RECORDS

In addition, these speakers will appeal to the fans of 33 & 45 rpm records with their integrated preamplifier and phono input, making it possible to connect any vinyl turntable.

HOME THEATER EXPERIENCE

Designed for flexible use, the LN05A speakers feature, in addition to the numerous analog and digital inputs, a SUB output to add a subwoofer and enrich the sound of your movies and series.

AUDIOPHILE BUILT

The LN05A is a compact amplified speaker, equipped with a 25mm fabric dome tweeter and two 13cm concave drivers. They will thus be perfect for both music and A/V use.

1 x 25mm fabric dome
tweeter

2 x 13cm midrange/
bass driver

2 x 80 Watts
Amplifier

INCLUDED ACCESSORIES

The LN05A speakers are supplied with a remote control with frequency settings, a 5m speaker cable and decoupling spikes.
